Please join us for the Third Annual Health Care Symposium sponsored by University of Dayton and Miami Valley Hospital.

Location
University of Dayton Science Center

This year there will be two tracks offered. The first track "Are You Ready For PCMH?" will highlight new developments in implementing the PCMH from state and national perspectives along with a "nuts and bolts" discussion of how to implement the PCHMH into your practice. The second track, "Meaning in Medicine" will explore ways that physicians can find meaning in their own profession, and examine the role of spirituality in patient care and physician patient relationships. Keynote speaker Dr. Harold Koenig will summarize current research on the role of spirituality in patient care along with implications for practice.
